S, M, L SGAFG

Zebra Keyring
MSKH2AZ

Crazy Clock in red

MASTERWEAVERS IN SISAL FROM THE KINGDOM OF SWAZILAND

Tintsaba is a rural development project based in Piggs Peak, the Kingdom of Swaziland established in 1985. The project works with over 600 women, borrowing on basket-weaving skills that were handed down every generation from mother to daughter. Baskets are made by hand using a fine coiling technique of sisal. Minimum orders apply – please check price list. Colours may vary from pictures. Sisal clocks 28cm in diameter. Baskets small size 6.5Wx4.5H (round), Medium 8x10cm (round), Large 13x10cm (cylindrical). Baskets with animals come in gold, tan, lilac, pink, red, turquoise and fern. 6 – 8 weeks from order.
